Use the following checklist to ensure that you and your booth are ready for inspection by the SNHD specified by your coordinator. Failure to set-up properly may result in denial of the health permit.

1. The facility where the Body Art Special Event will be conducted must be inspected by the Health Authority and a Health Permit must be issued prior to any tattoo or body piercing procedures being performed.
2. A Health Permit to operate at the Body Art Special Event must be posted at each booth.
3. Standard booth size is 10 feet by 10 feet. Under no circumstances may the booth size exceed 150 square feet. Each artist must have at least fifty (50) square feet of floor space. (This is an exception for the Body Art Special Events only.)
4. There must be at least fifty (50) foot candles of light at the level where the tattoo, permanent makeup or body piercing is being performed.
5. All walls, floors, ceilings and operating surfaces of the booth shall be made of smooth, nonabsorbent and nonporous material that is easily cleanable and shall be maintained in a sanitary manner at all times. It is acceptable to apply plastic to meet this requirement.
6. Adequate, conveniently located hand washing facilities, as approved by the Health Authority, with liquid soap, paper towels and hot and cold water under adequate pressure and drained in accordance with local plumbing codes.
7. Single-use gloves and disinfecting single-use hand wipes, approved by the Health Authority, in addition to the hand washing requirements of this section, must be available in each booth.
8. Instruments must be properly sterilized-evidence of spore testing performed on sterilization equipment thirty (30) days or less prior to the date of the event, must be provided; or, only single-use, prepackaged, sterilized equipment obtained from reputable suppliers/manufacturers will be allowed.
9. Tattoo machines and autoclave/dry heat sterilizer clean and in good repair.
10. Labeled red "sharps" container and covered trash receptacle.
11. Artist's hair properly restrained and no smoking or eating in procedural booths.
12. A sample of the Client Consent Form submitted with the application must be given to the Health Inspector upon inspection and must include the following information:
 - Name, age, address, date of tattoo/piercing, operator's name, place where tattooed or body part pierced and a description of the design or the type of jewelry inserted, and client signature line.
 - A statement advising that the tattoo should be considered permanent; that it can only be removed with a surgical procedure; and that any effective removal may leave permanent scarring and disfigurement.
 - Questionnaire asking if the client has a history of jaundice or Hepatitis within twelve (12) months preceding the date of tattoo or piercing. If the answer is in the affirmative, the tattoo procedure must not be performed.
13. A sample of the Client Instruction Form submitted with the application must be given to the Health Inspector upon inspection and must include the following information:
 - Proper follow-up care of the tattoo/pierced skin.
 - Possible side effects.
 - Activity restrictions, if any.
